

“Festival of Illumination” World of Lights 2021

Saturday, November 20, 2021

Only \$96

(Includes the luxury coach, driver and tour manager gratuity and admission to the festival)

Join us for an unforgettable afternoon and evening! Our first stop will be for an early dinner-on-own at the Blackstone Valley Shops, where there are plenty of great food choices, and maybe a little holiday shopping too. Next, we're off to Southwick's Zoo for 'The Festival of Illumination, World of Lights'! It's a must see experience for guests of all ages, and is New England's largest and premier lantern showcase. Southwick Zoo will be illuminated by hundreds of lanterns and custom-built exhibits constructed of silk, steel, and environmentally friendly LED lights. Take a ride through the African Savannah, the Amazon Rainforest, the Great Barrier Reef of Australia, as well as many beautiful and fascinating regions in-between! The 'Lantern Festival' is a centuries-old tradition, celebrated as early as 206 B.C., featuring spectacular illuminated displays from history and mythology. These amazing displays are incredibly detailed and intricately constructed, with some of these lanterns being as large as 20 meters tall and 100 meters in length. Also enjoy live entertainment, a typical Asian Night Marketplace, and specialty foods! Don't forget your camera! It will be an evening filled with incredible memories!
